New Business: Director Mueller talked briefly about the console upgrade and how they have a meeting with the sales rep at 1:30 today to discuss cost and what products they recommend. He mentioned how PSAP2 doesn't currently have Star Com capability at the backup center. Mueller also mentioned that he put in for a grant to upgrade some of the recording equipment that records the calls; it would also be able to record multi media and text. This is planning for the future. This is around 85k for the project and Mueller put in for 100k.

Member Masterhan talked briefly and asked if "I am responding" can be treated like the radio system is and requested that if it goes down to make it a priority to get it fixed. It is very important and valuable and when it goes down it does sometimes create problems. Masterhan also asked if the rural fire cards could get entered into the CAD system soon that way if there is a MABAS alarm or a multiple box alarm then all that information is right there on the screen for the dispatchers.

Member Reyne made a motion to approve the 2019 Meeting Notice. Member Masterhan second. Motion carried. Passed by all.
